Austria

1. National elections next Sunday, 22 February
2. Last elections in 1949. Results were

Communists	5	
Social Democrats	67) Government
Peoples Party	77) coalition
Assoc of Independents (neo-nazis)	<u>16</u>	
	165	
3. We feel results will be as follows (bad idea to predict elections!)
 - a) Peoples Party will loose a little to Assoc. of Independents.
 - b) Social Democrats and Commies remain about same.
4. If Peoples Party loose plurality they might
 - a) Form coalition with Assoc of Independents
 - b) Be junior partner of grand coalition with Social Democrats
5. Either possibility will produce uneasy government. But in face of Soviet pressure, any coalition will have to stumble along somehow.
